The latest bulletins received about the health of His Holiness are enclosed herein for your information. The Special Duty Sub Assistant Surgeon had come to see me yesterday and I gather that His Holiness is quite free present from the effects of his recent illness and that he was made aware the change in the administration of the Sringeri Jahagir by one of his attendants and that His Holiness expressed satisfaction at Government having assumed the administration. His Holiness appears to be keeping himself aloof from other worries and does not wish to see any one.

Mr. Srikantaiya had a few minutes interview with His Holiness on the 6 Instant and it is reported that His Holiness asked a few personal questions to him and that no topic in the change of administration came up.

No. 24.1019

My Dear Sir,

I enclose herein, for your kind perusal, a copy of D.O. letter No. A dated 24th March 1936 that I received from the Deputy Commissioner, Kadur District, today.

Government have taken over the management of the Mutt and its properties under section 25, clause (3) of the Mysore Religious and Charitable Institutions Regulation, VII of 1927. The proviso to that Section says that such management shall cease when the disqualification of the Head of the Mutt (in this case, mental infirmity and consequent inability to manage the affairs of the Mutt) terminates. It is a point for consideration whether the improvement so far made by His Holiness amounts to a termination of the disability.

Mr. Srikanta Sastri has gone to Sringeri. He saw me on his way and showed me a letter written to him by His Holiness inviting him to attend the Aradhana ceremonies of the late Swamigalu which fell about the end of last week. Mr. Srikanta Sastri told me that His Holiness was not likely to desire any change in the arrangements made for the administration of the Jaghir. We shall, however, have to wait and see how things develop.

Now that His Holiness has completely recovered and is able to receive visitors, I shall pay a visit to Sringeri at an early date and interview him. The final decisions that Government may take may await the result of my visit to Sringeri.

Yours sincerely

D.O. letter No A. dated 24th March 1936 from the Deputy Commissioner, Kadur District, to the Revenue Commissioner in Mysore.

I have just returned from Sringeri after a stay of couple of days On my arrival at Sringeri on the 22nd evening, I was informed that His Holiness would see me the same evening before 6 P.M., if I desire to pay my respects to him. I at once availed myself of this invitation and interviewed His Holiness for 10 minutes. I am glad to state that the Swamigalu is his old self again and there is nothing in his conversation or bearing to indicate that he was ill so recently His general condition was quite as before. His Holiness appreciated all the arrangements that we made for him and expressed his pleasure on the care that was bestowed on him. There was however no reference to the administrative arrangements made.

I was agreeably surprised to see Mr. Srikanta Sastry at Sringeri and I learnt that he came there that morning (22nd.) He interviewed me last evening and from what he stated, I understand that His Holiness had nothing to say till now against Government having assumed the administration of the Jaghir.

I was contemplating submission of proposals in respect of the powers and duties of Mr. Srikantiah, Officer in charge of Sringeri administration, but when I began receiving reassuring reports about the health of His Holiness, I kept back my proposals until my visit to Sringeri. Now that the Swamigalu is restored to his normal health, it appears necessary to obtain his consent to our continuing to manage the Mutt administration for some time I feel that the assumption of the Jaghir administration during the temporary disability of His Holiness though perfectly legal during the said period ceases to be so after his recovery and that Section 25 of the

Chief Sec. No 11549 35-36

Dear Sir,

(1) In continuation of my letter No.955/35-36 dated 25th March 1936, I beg to report as follows.--

(2) I was at Sringeri from the 6th to 8th instant. I saw His Holiness Sri Swamigalu on all the three days that I stayed there, and had long conversations with him, re: the affairs of the Mutt and the assumption of management of the Mutt and its properties by Government. His Holiness was quite satisfied with the action taken by Government. He was ~~quite~~ dissatisfied with the management during the time of Mr. C. Rama Rao. He observed that before he fell ill, he was contemplating to request Government to take over the management of the Jaghir and its properties; and that as things happened, his desire was actually anticipated by Government. He told me that during the last one year, the affairs of the Mutt had been causing him a considerable amount of anxiety. Even for the regular performance of the normal services, it was found necessary to borrow money. He was also worried by the fact that the affairs of the Mutt were not presumably being administered with the prudence and economy that were desirable and necessary. With reference to the assumption of management of the Mutt and its properties by Government, he was only anxious that nothing should be done to interfere with the internal arrangements and services in the different institutions attached to the Mutt; and that so far as the management of the properties was concerned, he was quite content to leave the matter in the hands of Government. I assured His Holiness that his wishes in this respect would be fully respected, and that no interference would be made with the internal arrangements and services in the different institutions attached

to the Mutt. I also mentioned to him that it might perhaps be necessary to have a Power of attorney from him for the management of the properties relating to the Mutt situated in British India; and that I would be writing to the Officer in charge of the Mutt about it separately.

I explained to His Holiness the suggestion of Government that having regard to the condition of affairs at Sringeri and the present stage at which the education of the Junior Swamigalu stands, it would be desirable to bring the Junior Swamigalu to Mysore for the completion of his studies. His Holiness was also of the same opinion, as the atmosphere at Sringeri is not altogether congenial and favourable to the proper development of the Junior Swamigalu's mental outlook. It will be remembered that during the period of His Holiness's last illness, the Junior Swamigalu was drawn into an agitation against the action of Government in taking up the management of the Mutt. The Junior Swamigalu was drawn into this agitation by certain local people including Mr. C. Rama Rao, the Agent of the Mutt. It will be very desirable to bring the Junior Swamigalu over to Mysore where he will be in touch with the learned Pandits of the Maharaja's Sanskrit College, and also with leading disciples of the Mutt living there. His Holiness the Senior Swamigalu was of the opinion that such a change was very desirable. At his instance, I interviewed the Junior Swamigalu and explained to him the necessity of the change. He was at first inclined to be a bit suspicious of the object of his removal to Mysore; but I explained to him that the proposal was made by Government solely with a view to improve his outlook and education, and that Government would see that the change was made as pleasant to him as possible. I do not think that there will be any difficulty in removing him to Mysore for finishing his education there.

4) When I visited Mysore last week, I inspected the Abhinava Shankaralaya with a view to find out if the accommodation available there was sufficient for the requirements of the Junior Swamigalu. There is a small cottage attached to the Shankaralaya which will be quite sufficient for the requirements of the Junior Swamigalu, if a separate building (temporary) is put up for kitchen and bath room. In addition, a kitchen (temporary) will have to be put up for the requirements of the Shankaralaya. I am asking the Muzrai Overseer to prepare an estimate for putting up these structures. As soon as the estimates are sanctioned and the works are complete which may be done in the course of a few weeks, the question of bringing the Junior Swamigalu to Mysore may be taken up. I shall advise the Officer in charge to visit Mysore and to satisfy himself whether the arrangements that are now under contemplation will be sufficient. If any further changes are necessary in the light of the views expressed by His Holiness, the Senior Swamigalu, I shall see that they are carried out.

5 I understood from Mr. Y. Srikantaiya that His Holiness had expressed a desire to visit Gokarna. It will be very desirable to give His Holiness a change. I have advised Mr. Srikantaiya to encourage the idea and to make the necessar arrangements if His Holiness should express a desire to under take the tour. His Holiness, however, did not mention this to me. He was anxious that for some time, he should be left undisturbed. He told me that he was feeling very well after his recovery from his recent illness, that he was sleeping well and that altogether he was so satisfied with the existing arrangements that he would like them to continue for some time longer.

6) I have explained these facts personally

both

both to the First Member and the Dewan.

Education of His Holiness the Junior Swamigalu of the Sri Sringeri Matha.

SIR,

Referring to correspondence ending with this office letter No.C.955/35-36 dated 22nd June 1936 intimating the departure of His Holiness the Junior Swamigalu from Sringeri to Bangalore, I have the honour to forward herewith a copy of letter No.S.5193/35 dated 7th July 1936 together with its enclosures received from the Deputy Commissioner, Kadur District, recommending the entertainment of an establishment costing Rs.189/- per mensem including the cost of Rs.125/- now incurred for the junior Swamy's establishment during the Swamy's stay at Bangalore and proposing that the extra cost viz., Rs.64/- per mensem may be met from the closing balance of the Matha.

2. According to the budget of the Matha for 1936-37 now before Government for orders, it is estimated that there will be left a surplus of Rs.9,392-0-0 at the end of the year. To this has to be added the savings of Rs.900-0-0 consequent on the Government waiving the pensionary contribution payable on behalf of the Officer-in-charge for which provision had been made in the budget. Thus the anticipated surplus will be Rs.10,292-0-0 and there can be no difficulty in meeting the extra cost of Rs.768/- involved in the present proposal. I request therefore that sanction of Government to the proposed scale may kindly be obtained early.

The others are borne on the permanent establishment of the Mutt and they have been deputed to work at Bangalore. Each of these is proposed to be given an extra allowance during his stay at Bangalore. All the members of the establishment except the teacher are proposed to be given free boarding also in view of the fact that with the poor pay they are getting they cannot set up an establishment of their own at Bangalore. There were two students studying under the Junior Swamigi and as imparting tution to others is a part of the curriculam set for the Junior Swamiji they have also been sent to Bangalore fixing a stipend of Rs 4/- to each of them. The extra cost involved on account of the employment of three new hands and for giving special allowance and free boarding to the establishment will come to Rs 189/- per mensem as detailed in the annexed statement. I request that this expenditure may kindly be sanctioned the same being ordered to be met out of the closing balance at the credit of the institution.
